

Math PA7
Mr. Friedman
efriedman@greatneck.k12.ny.us

This course will give your child a strong foundation in algebra, while also preparing them for future study of geometry, probability, and data analysis. Students are introduced to the Regents level curriculum and will be able to answer questions that model the Common Core Algebra Regents Exam that will be taken in June 2019. These students will also prepare for the seventh grade state assessment exam that is given in May 2018.

- The 7th grade Math Assessment Exam will be given from May 1st – May 3rd, 2018.
- Test day for math for the 2017 – 2018 school year will be Thursday.
- Each week, your child will receive a weekly sheet that lists all assignments as well as upcoming tests and quizzes. They have been instructed to leave this in their HW section at all times for quick reference. In addition, you can view this information at <http://new.schoolnotes.com/xpages/view/218304>
